Environmental Response Training Program (ERTP) Contract, full & open

Award Period 1, August 1, 2011 – July 31, 2013

Work Assignment 1-005, Air Monitoring Courses

Purpose /Background

The purpose of this WA is to improve the response readiness of U.S. EPA and it's Tribal, State and Local partners by training them in the practices and procedures for monitoring and sampling airborne hazardous materials. This is to be done by delivering 12 Air Monitoring course offerings. The dates and locations of the deliveries will be determined by the Project Officer, in coordination with EPA Regional Training Coordinators.

1.0 Task to be performed

Under this work assignment, the Contractor shall be prepared to present 12 course offerings of the two current air monitoring courses; Air Monitoring for Emergency Response and Air Monitoring for Hazardous Materials. A course offering is defined as a presentation of either of the courses; if the two courses are presented sequentially it should be considered one course offering. These courses are designed for personnel who evaluate releases of airborne hazardous materials. Evaluation of worker exposure to these releases is emphasized. The exact combination of course to be given will be determined by the Project Officer, in coordination with EPA Regional Training Coordinators. Course presentations include the following activities: provision of equipment, materials, and supplies, personnel travel, equipment shipment, and liaison with regional or state training contacts.

In Accordance with the Performance Work Statement Part B the contractor shall be responsible for the following:

- developing a course schedule for Project Officer approval
- student registration
- schedule of instructors
- presentation of training courses
- improvements to course materials
- maintain course files
- acquiring and maintaining equipment
- issuing student certificates

Improvements to course materials and presentations may be requested by the work Assignment Manager, Christopher Gallo, through the issuance of written Technical direction.

2.0 Deliverables

An end of course summary with course statistics shall be prepared and delivered electronically at the conclusion of each course and/or exercise.

3.0 Period of Performance

The Period of Performance is the duration of the first award fee period. (08/01/2011 to 07/31/2013)

4.0 Government Furnished Property

The Contractor shall utilize available EPA equipment provided and shall provide all personnel, and additional equipment and supplies necessary to complete this work assignment. There is no specific list of government furnished property for these courses and exercises.
